

## COVID-19 Personal Protective Equipment (PPE)

Professional Plastics is continuing to respond to the need for more PPE to help stop the spread of COVID-19. We have increased our stock of raw material and have significantly ramped up our manufacturing and fabrication of PPE; designed to protect from surface, splash and airborne particles. **These products include:**

### FACE SHIELDS

Made from clear, impact resistant plastic sheet. Easily adjustable and can be cleaned for multiple use. FDA registered and CE certified.

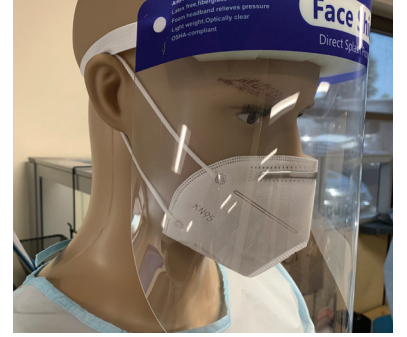

STANDARD

FLIP-UP VISOR

COMFORT FIT

ANTI-FOG

### BARRIERS/ SNEEZE GUARDS

Optically clear plastic sheet. Can be assembled in less than two minutes and adjusts to workplace and school specifications (Custom fabrication upon request.)

OFFICE

RETAIL

STUDENT DESK

TEACHER DESK

CAFETERIA TABLE

### FACE MASKS, GLOVES, AND GOWNS

We offer US-made N95 face masks (NIOSH certified), disposable face masks, AAMI level 2 medical gowns and nitrile gloves.

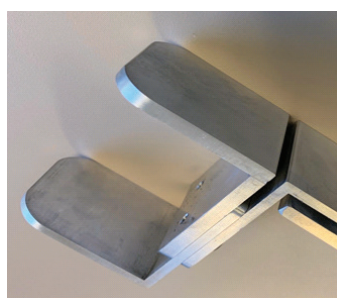

### INTUBATION BOXES AND DOMES

Manufactured out of clear acrylic and PETG. Blocks airborne droplets and aerosols reducing virus transmission during intubation process.

### CUBE EXTENDERS AND BRACKETS

A hassle-free way to add height to existing cubicle walls allowing for additional protection from the spread of airborne particles.

### RAW MATERIALS

Clear, thin and thick gauge plastic sheets for manufacturing PPE. Materials include: Acrylic, PETG, PET and Polycarbonate.
