

## Acrylic “Plexiglass” Protective Barriers for the Workplace

Acrylic Barriers for hotels, offices, restaurants, retail businesses convenience stores, and public buildings. In response to the COVID 19 coronavirus outbreak, Professional Plastics is now mass producing acrylic protective barriers for use in Offices, Hotels, Restaurants, Retail Stores, Banks, Reception, & Public Buildings.

Plexiglass sneeze guard barriers offer protection from the spread of airborne droplets containing COVID-19 coronavirus and other viruses and bacteria. These barriers are rapidly being installed at workplaces and public facilities to protect employees & customers. These barriers can be attached to existing office and restaurant furniture including; desks, cubicles, booths, counters, reception, cabinetry & dividers. (Hardware Not Included).

Order Online: [www.professionalplastics.com/Plexiglass-Protective-Barriers-Workplace](http://www.professionalplastics.com/Plexiglass-Protective-Barriers-Workplace)

**Plexiglass Acrylic Sheets is available in CLEAR, Colors & Decorative Styles:**

Clear & Colors: <https://www.professionalplastics.com/PLEXIGLASS-ACRYLIC SHEET-EXTRUDED>

Decorative Styles: <https://www.professionalplastics.com/Acrylic-Plexiglass>

**Plexiglass Barriers are provided Cut-To-Size Sheets with 90 degree Square Corners (standard), or with rounded edges for added safety (longer lead-time - additional cost for fabrication)**

"Plexiglass" is often used as a generic term for acrylic sheet. When spelled as Plexiglas® (one S) it's the Arkema brand name. Spelled as "plexiglass" (two SS's), it's generic acrylic. We offer; Acrylite, Optix®, Lucite® and other brands.
