Removable, Foldable, Clear, and Flexible Barrier/Partition/Cough and Sneeze Guard for Vehicle.
Great for Uber X, Black Cars, Lyft Lux, Lyft Black, Taxi Cabs!

Transparent, clear vinyl lets you see through in the rear while driving

Reduces transfer of germs and particles from cough and sneezes

Can also be used a pet/dog barrier

Ideal for Limousine Chauffeurs, Taxi drivers, Rideshare drivers & Passengers

Product Manual/Instructions :

You can attach the Removable, Foldable, Clear, and Flexible Barrier/Partition/Cough and Sneeze Guard to the Headrests and the bottom left and right corners can be attached to the seatbelt fixtures or to the seat frame. Also, to increase/decrease the height of the Shield/Guard, simply adjust the height of the Headrest.

The package contains one PVC barrier with a window, three glass fiber poles which can be connected together, four hooks, and one piece of Velcro.

Installation Instructions:

1. Connect the 3 glass fiber poles together and insert into the sleeve at the top of the barrier.
2. Insert the hooks into the loops at the end of the straps.
3. Attach one hook to each Headrest rod
4. Next, attach one hooks to each seatbelt fixtures or to the seat frame, whichever works best. Additionally, fasten each strap to properly align.
5. Roll up the window just above the air ventilation to determine where to place the Velcro to hold the window.
