

PROFESSIONAL PLASTICS

NOW OPEN in TAIWAN

MATERIALS LIST

Advanced Engineering Plastics

Vespel® Polyimide
Meldin® Polyimide
Celazole® PBI
Torlon® 4203, 4301, 5030, 5530, 4XG
Techtron® PPS
Radel® PPSU
PEEK Virgin
PEEK Glass, Carbon, or
Ceramic-Filled
Duratron®
Ultem® PEI

Fluoropolymers

Teflon® PTFE, PFA & FEP
Tefzel® ETFE
Halar® ECTFE
Kel-F® PCTFE
Fluorosint® 207, 500
Kynar® PVDF
Fluoropolymer Fluid Tubing
Fluoropolymer Shrink Tubing
Fluoropolymer Films
Specialty Release Films

Static-Controlled Materials

Semitron® 225 – ESd POM
Semitron® 410C – Conductive PEI
Semitron® 420 – ESd PEI
Semitron® 480 – ESd PEEK
Semitron® 490HR – High ESd PEEK
Semitron® 500HR – High ESd PTFE
Semitron® 520HR – High ESd PAI
Pomalloy® ESd – ESd POM
Tivar® AntiStat – ESd UHMW
PC300, PC350 – ESd Polycarbonate

Laminates & Composites

Glass-Laminates
G-10/FR/4, G-7, G-9, G-11
Phenolics
Canvas, Linen & Paper-Based
Glass-Polyester
GPO-1, GPO-2, GPO-3
Wave Solder Pallets
Durostone®
Glastic® (All grades)
Micarta® (All grades)
Arboron®

Ceramic-Based Materials

Macor®
Mycroly-Mycalex®
Ceramapeek®
Alumina
Boron Nitride
Lava – Alumina Silicate
Zirconia Ceramic

Other Specialty Products

Medical Grade Materials
Anti-Ballistic Materials
Corrosion-Resistant Materials
Impact-Resistant Materials
High-Temperature Materials
Insulating Materials & Tapes
Aircraft-Grade Products
Semiconductor Products

Your orders are promptly processed by one of our 16 well-stocked locations in the USA & Asia as we are the nation's largest supplier of high-performance plastics. Since 1984, Professional Plastics has been supplying the broadest range of engineering plastics in the industry & providing our customers with premium brands, fast deliveries and the most competitive prices every time.
