

PROFESSIONAL PLASTICS

> Starfoam

Overview

Starfoam roll stock is available in both standard and anti-static form, and can be converted into custom sheets.

Key Features

Made from 100% low density polyethylene (ldpe)

Makes starfoam highly flexible and perfect for surface protection, interleaving and cushioning

Manufactured without the use of cfc's or hcf's

Helps keep the environment protected by not using ozone depleting chemicals

100% recyclable

Environmentally friendly

Non abrasive

Will not scratch or damage finely finished surfaces

Lint and dust free

will not mark or contaminate products highly sensitive products

Moisture repellent (closed cell construction)

Provides superior protection against water, grease and solvents (below 130° F)

Lightweight

Reduced package weight lowers production and shipping costs

Available Sizes: Except West Coast USA

Product	Thickness (in.)	Bundle Length (ft.)	Diameter	48" Bundle (sq. ft.)	60" Bundle (sq. ft.)	72" Bundle (sq. ft.)
